SUBJECT

Control No. 316153 – Re - Amendment request by letter dated March 30, 2007, to add Professor Lifeng Dong, Ph.D., of the Physics Department, as an Authorized User for License No. 24-11585-04 and our followup telephone conversation on 5-15-2007..

SUMMARY

In a telephone conversation with Ms. Poston on this date, we discussed the following:

Ms. Poston related that Dr. Dong's only intended use of material will be a small quantity of Uranyl Acetate containing depleted uranium, which can be obtained under the general license provisions of 10 CFR 40.22 and therefore Dr. Dong will not need to be added to the license, as originally requested. I requested that she provide this information to me in writing, and that if no other information was provided requiring an amendment then we would VOID the original amendment request.
