Jon,

Per our discussion this morning, I am sending you a brief email with our editorial comments on the draft SE. There was no proprietary information identified in the draft SE. The two minor editorial comments are as follows:

On Page 8 of the SE, Line 36: Suggest adding the following sentence

"Acceptable justification has been provided for the CE 16x16 NGF design."

This makes L&C 1 and 2 consistent in format.

On Page 10 of the SE, Line 25: Suggest adding the reference number

"LTR-NRC-07-7"

This makes Reference 2, 3 and 4 consistent in format.

Thank you for your support!

Very Respectfully,  
William H. Slagle
