June 27, 2007

Dear Mr. Null:

On May 1, 2007 we requested amendments to Ball State University's NRC material license (Control No. 316224). The request was to replace our current Alternate Radiation Safety Officer (ARSO), Dr. David Ober due to his retirement. We requested two ARSOs – Dr. Stuart Walker as the First Alternate Radiation Safety Officer (FARSO) and Dr. Bruce Craig as the Second Alternate Radiation Safety Officer (SARSO). In response to your suggestion during our telephone conversation today, I am requesting you to amend our license to replace Dr. Ober with Dr. Stuart Walker as the ARSO.

I greatly appreciate your assistance in reviewing the proposed amendment.

Sincerely,

Mohammed S. Islam  
Radiation Safety Officer
