Stephen Cohen:

Rio Tinto Energy America the parent of Kennecott Uranium Company and the Green Mountain Mining Venture (GMMV) is now planning to place all of its uranium assets (the Sweetwater Uranium Project, Big Eagle Mine and Round Park Deposit) under a single corporation called Rio Tinto Energy America Uranium Company. This change will obviously require a license amendment as well as a revision of the surety. This will also affect all of the other permits (Permits to Mine etc) with other agencies as well.

I am informing you about this now in the event that you have any specific input that you wish to provide regarding the amendment request and other submittals required to make this change.

Thank you!
