Reference: 1. Letter, Entergy to USNRC, "Vermont Yankee Nuclear Power Station, License No. DPR-28, License Renewal Application," Bvy 06-009, dated January 25, 2006.

**Subject: Vermont Yankee Nuclear Power Station
License No. DPR-28 (Docket No. 50-271)
License Renewal Application Annual Update**

Dear Sir or Madam,

On January 25, 2006, Entergy Nuclear Operations, Inc. and Entergy Nuclear Vermont Yankee, LLC (Entergy) submitted the License Renewal Application (LRA) for the Vermont Yankee Nuclear Power Station (VYNPS) as indicated by Reference 1.

During the NRC review of the VYNPS LRA, Entergy is required by 10CFR54.21(b) to report changes to the current licensing basis (CLB) that materially affect the content of the VYNPS LRA, including the Safety Analysis Report (SAR) supplement. This information is required to be submitted annually and at least three months prior to the scheduled completion of the NRC review. In accordance with the requirements of 10 CFR 54.21(b), Entergy has completed a review and determined that no changes to the CLB have occurred that materially affect the content of the VYNPS LRA, including the Safety Analysis Report (SAR) supplement.

This letter contains no commitments.

Should you have any questions concerning this letter, please contact Mr. Dave Mannai at (802) 258-5422.

I declare under penalty of perjury that the foregoing is true and correct, executed on April 26, 2007.

Sincerely,

Ted A. Sullivan
Site Vice President
Vermont Yankee Nuclear Power Station
