June 28, 2007

Scott D. Kulat, Chairman
Working Group on Implementation of
Risk-Based Examination, Section XI
ASME Boiler and Pressure Vessel Code
Inservice Engineering
5201 Washington St, Suite 4
Downers Grove, IL 60515-5068

Dear Mr. Kulat:

I would like to nominate Andrea T. Keim, as the authorized U.S. Nuclear Regulatory Commission (NRC) representative on the Working Group on Implementation of Risk-Based Examination, Section XI, ASME Boiler and Pressure Vessel Code. Ms. Keim is a Materials Engineer and is responsible for the review, approval and implementation of risk-informed methodologies and approaches related to the design and inspection of operating plants.

Ms. Keim has been the designated NRC Alternate representative to this working group, and has previously submitted the required PF-1 and PAF-A forms. Enclosed is an updated PAF-B form.

In accordance with the Office of Management and Budget Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities," February 19, 1998, the participation on a committee of an NRC-authorized representative does not connote agency agreement with, or endorsement of, decisions reached by the committee, or of standards approved and published as a result of the committee's efforts. Agency representatives participating on standards developing groups will, to the extent possible, ascertain the views of the agency on matters of interest and will express views that are consistent with established agency views.

Correspondence should be addressed to:

U.S. Nuclear Regulatory Commission
ATTN.: Andrea T. Keim
11555 Rockville Pike, Mail Stop: O-9H6
Rockville, MD 20852

Voice: 301-415-1671
Fax: 301-415-2444
E-mail: ATK@nrc.gov

Thank you very much for providing NRC with the opportunity to participate in the work of your committee.

Sincerely,

***/RA/***
