Summary:	In the letter dated June 28, 2007, DIS requested the addition of a fixed site location in Bethlehem, to replace the site in Allentown. The Allentown site is used for the receipt and distribution of unit doses, storage of materials for decay in storage and sealed sources, storage of the mobile vans, and office space. No patients will be seen at this location. I spoke with Mr. Letty to confirm that the uses at the Bethlehem location would be the same as the Allentown site. According to him it will be the same operation in the Bethlehem location.
