Subject: RE: Inspection Schedule Change

Seo -

I have discussed the possible change with Downblend Operations and Bruce Moran, NRC. Both have no problem with the change in inspection date to June 19 and 20. Downblend Operations appreciates the extra days to ensure blending can be completed. This was a very good suggestion.

Let me know the final decision.

Subject: FW: KAMS schedule

Don,

KAMS people basically agreed to change inspection date, please let me know your opinion for the UZOO inspection date on 19-29 June .

With best regards.
