Reference: License Number 19-21091-01

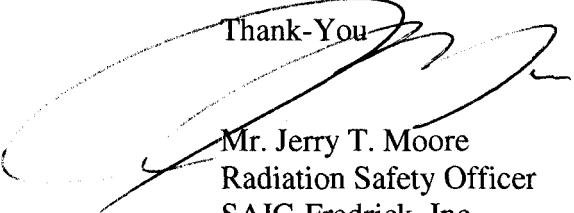

The attached request for License amendment contains one change. This change can be found in section 7: "Individual(s) responsible for radiation safety program and their training and experience".

The intent of this amendment request is to communicate the appointment of a new Chairman for the NCI-Frederick Radiation Safety Committee.

The attached memorandum documents acceptance of **Dr. Dwight V. Nissley** as the new Chairperson of the NCI-Frederick Radiation Safety Committee – by Dr. Larry Arthur, PI of the Operations & Technical Support Contract.

Your timely attention to this amendment request will be greatly appreciated.

Thank-You

Mr. Jerry T. Moore
Radiation Safety Officer

U.S. NUCLEAR REGULATORY COMMISSION

APPLICATION FOR MATERIAL LICENSE

APPROVED BY OMB: NO. 3150-0120

EXPIRES: 10/31/2008

Estimated burden per response to comply with this mandatory collection request: 4.4 hours. Submittal of the application is necessary to determine that the applicant is qualified and that adequate procedures exist to protect the public health and safety. Send comments regarding burden estimate to the Records and FOIA/Privacy Services Branch (T-5 F53), U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, or by internet e-mail to infocollects@nrc.gov, and to the Desk Officer, Office of Information and Regulatory Affairs, NEOB-10202, (3150-0120), Office of Management and Budget, Washington, DC 20503. If a means used to impose an information collection does not display a currently valid OMB control number, the NRC may not conduct or sponsor, and a person is not required to respond to, the information collection.

INSTRUCTIONS: SEE THE APPROPRIATE LICENSE APPLICATION GUIDE FOR DETAILED INSTRUCTIONS FOR COMPLETING APPLICATION. SEND TWO COPIES OF THE ENTIRE COMPLETED APPLICATION TO THE NRC OFFICE SPECIFIED BELOW.

MEMORANDUM

JGD-016-07

DATE: April 10, 2007

TO: Dr. Larry O. Arthur 
Principal Investigator
Operations & Technical Support Contract

FROM: Dr. Jeffery G. Derge 
Head, Office of Research Administration
Chairman, NCI-Frederick Radiation Safety Committee

SUBJECT: Appointment of a new Chairman for the
NCI-Frederick Radiation Safety Committee

As you and I have discussed, it is my intention to retire this year, and a successor for the position of the Chairman for the NCI-Frederick Radiation Safety Committee will be needed. The name of Dr. Dwight V. Nissley, Associate Director of the Basic Research Program, was suggested as a qualified candidate.

Mr. Jerry T. Moore, the current Radiation Safety Officer, and I have met with Dwight and discussed the possibility of him accepting this position. He has been made aware of the license requirements, the obligations of the position, and the general activities that are encompassed by the duties. He has expressed a willingness to take on this committee chairmanship.

Dr. Nissley is experienced and well qualified for this position. He has received essentially all of his isotope use training and experience here at the NCI-Frederick and is totally versed in all of our procedures and those unique aspects that are a condition of our location within the Fort Detrick system. He has used most of the isotopes which are in common use here on our license. In addition, he has a thorough knowledge of the current laboratory uses and practices of those SAIC scientists within the Basic Research Program. His current position as Associate Director provides him with the necessary access to SAIC and NCI management to convey radioisotope safety issues of importance.

It is my recommendation that Dr. Dwight V. Nissley be appointed as the next Radiation Safety Committee Chairman.

JGD:jg

cc: J.T. Moore
