Subject: Request for Historical Information - License Number 21-01443-06

Dear Ms. Pelke:

As we prepare our Historical Site Assessment prior to license termination, I am not able to locate NRC records for our facility prior to 1983. I would like to get copies of any documents the Region III office has.

I am particularly interested in:

- License Amendments prior to Amendment 35;
- Notice of Violations;
- Inspection Reports.

The license number should be consistent throughout, but the name of the licensee could be:

- Warner-Lambert Company, Pharmaceutical Research Division;
- Warner-Lambert Company, Parke-Davis Pharmaceutical Research;
- Park-Davis;
- Parke-Davis Company;
- Warner-Lambert Company;
- Park-Davis and Company;
- Parke-Davis and Company;
- Warner-Lambert, LLC.

Apparently there has been much confusion on our part over the years as to the correct name for our institution. I understand that there may be a fee associated with provision of these documents. Where electronic versions are available, I am happy to get the electronic form. Otherwise, photocopies are sufficient. I appreciate your time and efforts with this matter and look forward to working with you during the decommissioning process. If you have any questions, please contact me at 734-622-4467.

Sincerely yours,

Carol Lentz
Radiation Safety Officer
