Subject: RAI for clinical use amendment for HDR

(NOTE: This will be used as the Documents Title in ADAMS)

Summary: Noted that spelling of Dr. Lief's name is different on Mount Sinai license. Dr. Lief will submit board certifications to clarify spelling. Also noted that vendor training was 2 days instead of 3, as previously described. Dr. Lief confirmed that all subjects previously described 1/17/07 were discussed and will fax a course sign-in sheet. Dr. Lief also indicated that Mr. Sakellakis did not attend the training and should not be added to the clinical use license. I discussed with Dr. Lief, that since Mr. Sakellakis was listed on another NRC license for a different type of HDR, that the licensee could notify us of completion of the Varian vendor training at a later date to justify adding him to the clinical use license.
