TO: Ray Carlson

I have reviewed your application for medical use of byproduct material and more information is requested. Please respond in writing to the following:

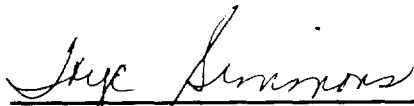

1. Dr. Donepudi meets 10 CFR 35.290 qualifications to be the authorized user on this license, however, no information concerning his training and experience to be RSO was provided. Please provide 10 CFR 35.50 training and experience (NRC Form 313A(RSO)) for Dr. Donepudi or submit the name of another qualified individual for the RSO position.
2. Does Dr Shah have an Illinois license? If so please provide a copy of this license. As a reminder, Illinois is an Agreement State and any use of radioactive material in Illinois must be approved by the Illinois Emergency Management Agency.
3. Please confirm that the license name should be Uday Shah, M.D.S.C. or provide the correct name for this license.
4. How many vans will the applicant have?
5. Please describe how you will ensure security of licensed material in the van(s) and how you will prevent unauthorized access into the van(s).
6. Describe where van(s) will be parked during off hours. The van should be located in secured off-street parking which is under the applicant's control.

NOTE: NUREG-1556 Vol. 9 was revised in **2005**. In the future please reference the most current medical guidance which is NUREG-1556, Vol. 9, Rev. 1, dated May 2005.

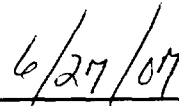

If you have any questions please contact me at 630-829-9842.

Submit the requested information by **July 9, 2007**, by referencing control number **316179** to facilitate proper handling. If we do not receive an adequate response by this date, we will **VOID** the current action without attempting to contact you further and without prejudice to resubmission of your request at a later date. Upon receipt of your response we will reactivate placement of your request in our database and resume our review. Address your written response to my attention at the above address.

PLEASE NOTE THAT A "VOID" IS AN ADMINISTRATIVE PROCEDURE THAT PUTS YOUR AMENDMENT REQUEST "ON HOLD" (TAKES IT OUT OF OUR ACTIVE CASEWORK DATABASE) UNTIL YOU REACTIVATE IT VIA A WRITTEN RESPONSE. IT "BUYS" YOU TIME TO PREPARE A QUALITY RESPONSE AND IS GENERALLY REGARDED AS A "GOOD THING."
