Gentlemen:

SUBJECT: UPDATE OF EVACUATION TIMES FOR OFFSITE POPULATIONS IN THE EVENT OF  
EMERGENCY

As you may be aware, the U.S. Government Department of Commerce, Bureau of the  
Census, has released 1990 census data which should be available in your area.  
In addition to general census data, there may be available local population  
growth projections. A Regional survey indicates <sup>that</sup> a number of facilities have  
not as yet incorporated updated local population data into their Emergency  
Plans or ~~updated~~ <sup>revised</sup> their offsite evacuation times as ~~appropriate~~ <sup>necessary in response</sup> to changes in  
population.

If you have not already done so, you are encouraged to use these population  
studies to update your Emergency Plan and offsite evacuation times associated  
with the zones within the ten-mile Emergency ~~Preparedness~~ <sup>Planning</sup> Zone.

Should you have any questions in this regard, please contact Mr. William Cline  
at (404) 331-0346.

Sincerely,

JSI

J. Philip Stohr, Director  
Division of Radiation Safety  
and Safeguards
