Local Area Personal Income

For [help and instructions](#), [downloadable files](#), and other information please read the notes [below](#).

Step 1. Select a table

- [CA1-3](#)—Personal income, population, per capita personal income
- [CA04](#)—Personal income and employment summary
- [CA05](#)—Personal income and detailed earnings by industry
- [CA06](#)—Compensation by industry
- [CA25](#)—Total employment by industry
- [CA30](#)—Regional economic profiles
- [CA34](#)—Total wages, wage employment, average wage per job
- [CA35](#)—Personal current transfers detail
- [CA45](#)—Farm income and expenses
- [CA91](#)—Gross Commuters' Earnings Flows
- [Single Line](#)—Single line of data for all counties (more than 3000 rows returned; please limit years selected to speed process) for all counties

Notes:

Help:

- ▶ Use the CTRL and/or Shift keys to select multiple areas and years. (In the Local Area Personal Income application multiple areas are not selectable; select one state and proceed from there, or select the "Single Line" option in Step 1.) Press *Display* to display your selection in HTML tables, and *Download* to download a comma-separated-value text file. If you select *Download* a "Save As" dialog box will appear. It is recommended that you specify an output filename with a CSV extension. Some users will have the option to open the downloaded file directly into a spreadsheet application.
- ▶ The greater the number of areas and years selected, the slower the request will be. A submission that requests too much information has the possibility of timing out. If you are displaying information, you will want to consider how large your table will be.
- ▶ To view county-level information first display a State.
- ▶ After displaying a table, you have the option to show one estimate for all counties and MSAs in that State by clicking on the line code next to the estimate.

Additional files and information

- ▶ [Interactive Maps](#) — The local area estimates in the above tables are also available in a mapping application, [Regional Economic Measurement Division \(REMD\) Interactive Map](#)
- ▶ [REIS DVD](#) — The local area estimates in the above tables also appear on the Regional Economic Information System (REIS) DVD, which is available for [ordering](#). A [downloadable](#) package of REIS estimates and software is also available.
- ▶ [CA06 Compensation table](#) for all states and counties is available for download as one compressed archive file, [ca06.zip](#) (ZIP • 15,644 KB)
- ▶ [CA34](#)— County and MSA total wage and salary disbursements, total wage employment, and average wage per job
- ▶ [CA1-3](#)— Personal income, per capita personal income, and population, compressed comma-separated-value (CSV) files
- ▶ Personal income and per capita personal income, 2003-2005, with year 2005 rankings of per capita personal income.
