Riverview, MI 48193

SUBJECT: TERMINATION OF YOUR NRC RADIOACTIVE MATERIALS LICENSE,
LICENSE NO. 21-32364-01

Dear Ms. McNeal:

By NRC Form 314 dated April 30, 2007 (with attachments), cover letter dated May 8, 2007, and additional information and confirmation of information, obtained by telephone conversations on June 27, 2007, and July 03, 2007 you requested that we terminate your NRC radioactive material license, License No. 21-32364-01, (having expiration date of January 31, 2012). This license authorized fixed gauge use/storage at your facility located at 17168 West Jefferson Avenue, Riverview, Michigan. In the referenced document, you provided information confirming the transfer (on December 19, 2006) of all licensed material (two portable gauges with sealed sources of Cs-137 and a single foil sealed source of Ni-63 in a detector cell for a gas chromatograph, the latter which had been possessed under a General License) to another licensee authorized to possess the materials (Thermo Measuretech having Texas License L03524). Leak test records, current as of the time of transfer, were provided confirming the non-leaking status of the sealed sources transferred. You also confirmed that no licensed material remains in your possession. Based on information you have provided to us, we have concluded that licensed material is no longer used or possessed under NRC License No. 21-32338-01 and that your facility meets NRC criteria for release for unrestricted use, permitting us to terminate the license as requested. Accordingly, an amendment is enclosed, terminating your NRC License No. 21-32364-01.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

Sincerely,

A handwritten signature in cursive script that reads "Loren J. Hueter".

Loren J. Hueter
