Atomic Energy Commission
Division of Licensing and Regulations
Washington 25, D. C.

Gentlemen:

Consistent with our application for renewal and ammendment dated July 27, 1964, and subsequent ammendment number 15, we request that item 7A of License 47-260-2 be ammended to include 3M Corporation type 4F6P sealed strip sources of Cesium 137. These sources will be contained in Ohmart safety holders type SHRM and the length of any given strip source will be commensurate with its respective SHRM holder. No single source shall exceed 1 curie and leak tests will be performed each three years.

We further request, that on approval of this application, you telephone such approval, collect, to Mr. Ron Loftin, Ohmart Corporation, Cincinnati, Ohio, (513) 272-0131.

Very truly yours,

Michael B. Young
