Subject: Level 1 change in personnel at the University of Missouri - Rolla Reactor Facility, license R-79, docket 50-123.

Dear Marvin Mendonca:

The University of Missouri – Rolla Reactor (UMRR) Facility is notifying the Nuclear Regulatory Commission (NRC) of a change in personnel in the Level 1 position. Dr. Samuel Frimpong has replaced Dr. Mariesa Crow as of July 9, 2007.

Dr. Frimpong is Chair of the Mining and Nuclear Engineering department at the University of Missouri – Rolla. Dr. Frimpong's addresses and phone number are the following:

Dr. Samuel Frimpong
Mining and Nuclear Engineering
226 McNutt Hall
University of Missouri – Rolla
Rolla, MO 65409-0450

UMRR technical specifications list the Level 1 position as the Dean of the School of Mines and Metallurgy. The University of Missouri – Rolla has recently restructured the academic upper administration, which eliminated all Deans. UMRR is in the process of amending the technical specifications to reflect this change. UMRR is seeking approval from the Radiation Safety Committee to submit to NRC a modification of the technical specifications, which list the Level 1 position as Chair of the Mining and Nuclear Engineering.
