Subject: Re: Areva

The information is no longer proprietary. They are called AREVA NC. For the GE demonstration, under type of application, I would use "enrichment research and development." Also, GE has not selected a site for its full scale facility and its application is due in December or January so I would use "early FY08."

>>> Bill VonTill 06/25/2007 8:40 AM >>>

Does this mean that the information I have on the attached table is no longer proprietary?
