julie,

Thanks... Your generic schedule is attached. This schedule starts from the date the application is received and assumes that a contract for technical support is in place. hope this helps...

Hi Greg,

I've attached the proprietary versions of the May 21 meeting summary and slides for your information. This week's Inside NRC had an article about AREVA's intent to construct and operate a gas centrifuge facility in the US. Do you have a copy of a generic EIS schedule that you could send me? I want to provide it to AREVA.

Thanks,
