Subject: RAI, Standby License Amendment

(NOTE: This will be used as the
Documents Title in ADAMS)

Summary: (Note: per checklist in PG1-27) From the interview with Mr. Sandieson, I determined that the material is currently placed in storage at a location currently authorized by his license. There are no licensed sealed sources. He is going to facsimile a commitment not to use licensed material for any purpose, pending authorization to restart. The same authorized user and radiation safety officers will be used. The same radiation safety program and accountability program will be used as currently in place, no relief is requested. Restart is expected to be requested by September.

Action Required: Place in records, amend to standby license. Mr. Sandieson to send in commitment.
