SUBJECT: REQUEST TO DOCKET ANNOTATED MAP OF THE TUBA CITY, ARIZONA, UMTRA PROJECT SITE (DOCKET NO. WM-73)

Please docket the enclosed map dated January 9, 1996, received via Federal Express from the U.S. Department of Energy (DOE). The map, entitled "Site Grid System Orientation: Tuba City Site, Tuba City, Arizona," has been annotated to show the approximate locations of nine 30 foot by 30 foot sampling grids at issue in the NRC staff's review of DOE's Completion Report for the Tuba City, Arizona UMTRA Project Site. No transmittal letter was included with the map. I have also enclosed the Federal Express forms, if you need them.

I am not sure how RIDS distribution should be handled. I do not think any copies need to be made for internal NRC distribution, but beyond that, I'll have to leave it up to you.

Thank you for your assistance. I can be reached at 415-6699 if you have any questions.
