RE: Amendment to Radioactive Materials License 21-17630-01,
Escanaba Paper Company, Escanaba, Michigan

Dear Sir:

Please amend the above referenced radioactive materials license to reflect the following change:

- Add Carl Lippens as the Radiation Safety Officer for this license. Carl has worked as, and has been listed as, the assistant RSO/Authorized User under this license for more than a year. This should make him qualified to be the RSO. Carl's phone number is (906) 786-1660 ext. 2526.
- Identify Jeff Thennes as the assistant RSO. He is currently identified as an Authorized User. He will assist the new RSO with the management of the program and serve as the delegate when the RSO is not available.
- Remove Ron Chinn as the RSO and Authorized User under this license.

We hope that this information is sufficient to grant our request for amendment. If you have any questions regarding this amendment request, please contact me at (906) 233-2600. Thank you.

Sincerely,

Mark Lukacs
Vice President, Escanaba Operations
