RE: Material License #24-04206-08MD (St. Louis, MO)

Dear License Reviewer:

Please amend the above referenced material license to reflect the following modification:

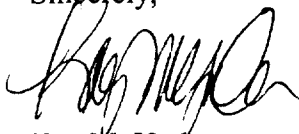

1. Amend Item 9.G to delete the phrase "Instrument calibration" and read as follows:

"Redistribution of sources to specifically authorized recipients. Pursuant to 10 CFR 32.74, the licensee is authorized to redistribute sources to persons licensed pursuant to 10 CFR 35.65(a) or under equivalent licenses of Agreement States."

Mallinckrodt does not perform instrument calibrations.

All other items relating to our established Radiation Safety Program remain unchanged at this time. Please contact April Chance, Manager, Radiological Affairs, at (314) 654-7960 for additional information to support this request. Thank you for your prompt assistance regarding this matter.

Sincerely,

Kay M. Yoder
