SUBJECT: Application for a New License

Dear Mr. Ross:

Pursuant to our telephone discussion of July 31, 2007, I am enclosing NUREG 1556, Vol. 4 that provides guidance for applying for a new license. Also enclosed is a copy of the Order revoking the above license. The Order was issued because of non-payment of fees. The Order required Gladly Fork Mining to dispose of licensed material within 60 days from the date of the Order (August 18, 2004). You are in possession of licensed material without a license which is in violation of NRC regulations. **Please be reminded that the owners of Gladly Fork Mining remain responsible for the security of all licensed material acquired under the above listed license, even though the license is revoked.**

A revoked license cannot be renewed and you must apply for a new license. Please follow the instructions in the enclosed NUREG. You may use Appendices A and B of the NUREG to complete your application.

Please feel free to contact me at (610) 337-5364 if you need assistance in completing your application. For matters related to fees or outstanding debts, please contact Shirley Crutchfield at (310) 415-6097.

Thank you for your cooperation.

Sincerely,

/RA/
