Re: Song Kang, M.D.

To Whom It May Concern:

Song Kang was a resident in the Department of Radiation Oncology at Duke University Medical Center from July 1, 1999 to June 30, 2003. He successfully completed his residency training program which included training in the use of permanent seed brachytherapy procedures for prostate cancer as well as proficiency in the use of HDR.

If I can be of any further assistance, please feel free to contact my office.

Sincerely,

Lawrence B. Marks, M.D.  
Professor of Radiation Oncology and  
Residency Program Training Director
