①

To whom it may concern,

Please do not support a generic impact statement on uranium mining for New Mexico (or any place.) This is not logical thinking for the sake of our land and drinking water for tomorrow and further into the future. Such business enterprises that want to take rich resources at the expense of "us folk over here" are not welcome.

I am a parent, teacher and concerned citizen of New Mexico.

Thank you for your foremost concern on this issue.

Denise Arthur
