Subj: DESIGNATION OF NEW RSO

This letter is being sent as requested by the fax received from your office on 29 Mar 2007 with control #315945. Due to the near future retirement of our current RSO, Paul Lemelin, we are designating a new RSO.

1. William B. Johnson

a. Before obtaining licensed materials, the proposed RSO will have successfully completed the training described in Criteria in the section entitled 'Radiation Safety Officer' in NUREG-1556, Vol. 4, 'Consolidated Guidance about Materials Licenses: Program-Specific guidance about Fixed Gauges Licenses,' dated October 1998.

b. Before being named as the RSO, future RSOs will have successfully completed the training described in Criteria in the section entitled 'Radiation Safety Officer' in NUREG-1556, Vol. 4, 'Consolidated Guidance about Materials Licenses: Program-Specific Guidance about Fixed Gauges Licenses,' dated October 1998. Within 30 days of naming a new RSO, we will submit the new RSO's name to NRC to include in our license.

c. Mr. Johnson accepts the position as RSO for this license and understands the duties and responsibilities associated with the position.

 8/10/07
William B Johnson Date

2. Requesting also that Mr. Johnson be authorized to perform the non-routine maintenance item of replacing cover films from devices listed in Subitem 9. A. of License #13-24638-01.

a. Mr. Johnson has completed training conducted by Mr. Lemelin. This training included requirements as listed in NUREG-1556, Vol. 4, App. N, dated October 1998.

By personnel observation and direct interviews with Mr. Johnson and Mr. Lemelin, I feel Mr. Johnson has met the requirements to be designated as the RSO and also has received adequate instruction and training to authorize him to perform the non-routine maintenance item of replacing cover films.

Respectfully,

Carl Magers
Plant Manager
