To: Sattar Lodhi
Nuclear Regulatory Commission

Reference: Control # 140894
NRC License # 29-02065-01

03005271

To follow up on our telephone conversation of today, relative to the cancellation of the nuclear materials license at this site:

This letter is to confirm that the site's radiation safety testing has shown no history of leakage of any of the licensed nuclear material sources.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Peyton", written in a cursive style.

Robert W. Peyton,
Senior Project Engineer,
Radiation Safety Engineer
