SUBJECT: Materials License Amendment for Gamma-Tech
License Number: 29-30495-02
Docket Number: 030-37329

Dear Sattar Lodhi:

We recently received notice that the sealed source model number for the Amersham source needs to be modified to read: Amersham Corp., Model CVN.CY Series. Gamma-Tech was originally given the CVN.CY6 designation from the analyzer manufacturer. It has since been modified on their Sealed Source Device Registry (SSDR). I apologize for the necessary change. If you have any questions, please do not hesitate to call.

Thank you for your attention to this matter.

Sincerely,

Wendy Garner
