Subject: (NOTE: This will be used as the Documents Title in ADAMS)	RAI, Survey Locations	
Summary:	Was there a reason to not survey the floors in the rooms for release? Dr. Fritz said that she didn't because there were no spills in the room and that the floors had been washed multiple times since the last use of tritium. Even with those considerations, I told her that I needed survey documentation on the floor area.	
Action Required:	Dr. Fritz will perform another survey on the floor or will find previous survey data on the floor and submit.
