<<Draft BSEP MELLLA+ RAIs (2-25-04).pdf>>

Zena,

The attached file contains draft information considered to be proprietary by GE. The file includes responses to all the RAIs as received on 12/22/03. Those portions considered to be proprietary are contained within double brackets, underlined, and colored for ease of identification. The file is password protected, your 10-digit phone number will open it. The final, docketed response to the RAIs will include an affidavit attesting to the proprietary nature of the information.

Thanks,
