SUBJECT  
Inspection followup

SUMMARY  
The inspector discussed the inspection findings with the licensee. The licensee did not agree that the violation of 10 CFR 35.406(b) was valid because the wording inferred that it only pertained to temporary implant sources. The inspector informed the licensee that the requirement also pertained to permanent implant sources. The licensee confirmed that actions were taken to achieve compliance.

ACTION REQUIRED  
  
Bob Ayers confirmed that 10 CFR 35.406(b) pertained to permanent implant seeds via telephone discussion with Bob Gattone on 1/4/98.
