Dear Administrator Paulison:

Thank you for your letter of August 15, 2007, that specifies the information that FEMA must receive and review in order to formally approve the new siren system at the Indian Point Energy Center. We have scheduled a working level meeting with members of your staff, the NRC, Entergy and respective consultants for Monday, August 20th at Indian Point Energy Center to share the remaining data requested in your letter and discuss next steps.

Again, I appreciate your Agency's efforts to work with us in a timely manner on the installation of this system that will enhance public safety and protection.
