Subject: (NOTE: This will be used as the Documents Title in ADAMS)	Amendment Request for New RSO	
Summary:	<p>The licensee reported that Mr. Faber did, in fact, have RSO training that would meet the requirements of 10 CFR 34 and that this information along with a copy of an organizational chart that depicts the proposed RSO's position within Schnabel would be faxed to the NRC this afternoon.</p> <p>Schmidt told the licensee that the amendment to change the RSO and approve the permanent radiography cell would be pursued as one action which is expected to be complete within two or three weeks. Schmidt also told the licensee that a request for additional information regarding the permanent radiography facility would be sent today to Mr. Faber's attention. Schmidt told the licensee that assignment of Mr. Faber as the RSO (even though the license lists Mr. Riggs) would be temporarily acceptable until the amendment was complete provided the information supporting Mr. Faber's RSO training was acceptable.</p>
