Marine Bio.
Exemption
General Correspondence
Policy

Marine Biological Laboratory
ATTN: Mr. Andrew Mattox
Radiation Safety Officer
Woods Hole, MA 02543

Gentlemen:

This responds to your July 19, 1989 letter to Ms. Glenda Jackson of this office concerning your request for an exemption from fees for Materials Licenses 20-00595-02 and 20-00595-06.

Your request for the exemption and the information you submitted in support of that request are under consideration by this office. We hope to issue a decision within the next few months; however, until a final determination is made all applications filed should be accompanied by the appropriate fee in order to avoid a delay in processing the applications. If it is determined that an exemption should be granted, the fees paid after your initial request for the exemption will be refunded.

We apologize for any inconvenience and appreciate your patience in this matter. We will notify you as soon as possible after a final decision has been reached on your exemption request.

Sincerely,

Signed by:

C. James Holloway, Jr.

C. James Holloway, Jr., Chief
License Fee Management Branch
Division of Accounting and Finance
Office of the Controller
