Duane Arnold Energy Center Emergency Planning Procedure Transmittal
Acknowledgement Memo (TAMs) 1, 7, 78 and 397

Enclosed is the Duane Arnold Energy Center (DAEC) Emergency Planning Department Procedure Transmittal Acknowledgement Memos (TAMs) 1, 7, 78 and 397 as Enclosures 1, 2, 3, and 4 respectively. TAMs 7 and 78 contain revisions to Emergency Plan Implementing Procedures, and TAM 1 contains revisions to the Emergency Plan. TAM 397 contains revisions to Abnormal Operating Procedure (AOP) 914. In addition, Enclosure 5 contains copies of Revisions 36, 37 and 38 of AOP 914. These revisions to AOP 914 were not previously submitted since the need to submit was not properly communicated within the DAEC organization. This oversight has been corrected. These revisions have been reviewed pursuant to 10 CFR 50.54(q), as required, and it has been determined they do not decrease the effectiveness of the approved Emergency Plan.

This letter contains no new commitments and no revisions to existing commitments.
