Gentlemen:

In the Matter of the Application of) Docket Nos. 50-390
Tennessee Valley Authority) 50-391

WATTS BAR NUCLEAR PLANT (WBN) UNITS 1 AND 2 - RESCHEDULING OF COMMITMENT DATES

In our October 16, 1987 submittal, responding to G. G. Zech's September 16, 1987 letter to S. A. White, which transmitted Inspection Report Nos. 50-390/87-12 and 50-391/87-12, we committed to complete the instruction preparation portion of 390/87-12-01, item 1 by December 15, 1987.

The original date of December 15, 1987, was based upon personnel from the procedures staff being available to assist in procedure preparation. This did not happen immediately. In consideration of preparation and approval time constraints for layup procedures, the new completion date is February 15, 1988.

If there are any questions, please telephone R. D. Schulz at (615) 365-8524.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
