Subject: Uranium Recovery GEIS

To Whom It May Concern:

I am responding to the U.S. Nuclear Regulatory Commission's Federal Register notice dated July 24, 2007 regarding the scope of the proposed Generic Environmental Impact Statement ("GEIS") for in situ leach ("ISL") uranium mining.

I write to oppose a GEIS. The reasons are many, and you are familiar with the best of them.

This is the kind of behaviour that should force you to another name change.

Thank you for the opportunity to submit my comments on this matter, and please keep me apprised of developments with regard to the GEIS.

Sincerely,

jake culver
