To Whom It May Concern:

I am responding to the U.S. Nuclear Regulatory Commission's Federal Register notice dated July 24, 2007 regarding the scope of the proposed Generic Environmental Impact Statement ("GEIS") for in situ leach ("ISL") uranium mining.

I am unhappy with the lack of public input into the procedure, as well as the idea of no longer treating particular sites on an individual basis.

I look forward to hearing that you plan to rectify these matters with all due speed.

Sincerely,

Paula Gottlieb
