Gentlemen:

SUBJECT: REPORT NO. 50-390(85-54)

On August 20-23, 1985, NRC inspected activities authorized by NRC Construction Permit No. CPPR-91 for your Watts Bar facility. At the conclusion of the inspection, the findings were discussed with those members of your staff identified in the enclosed inspection report.

Areas examined during the inspection are identified in the report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observation of activities in progress.

Within the scope of the inspection, no violations or deviations were identified.

Should you have any questions concerning this letter, please contact us.

Sincerely,

David M. Verrelli for

John A. Olshinski
Deputy Regional Administrator for TVA
