Gentlemen:

This refers to the meeting held at the Tennessee Valley Authority (TVA) corporate offices, Knoxville, Tennessee, on September 25, 1980. This meeting related to activities authorized by Nuclear Regulatory Commission (NRC) Construction Permit Nos. CPPR-122, CPPR-123, CPPR-91 and CPPR-92 and was attended by those personnel listed in the enclosed report.

The subjects discussed at this meeting are also included in the Office of Inspection and Enforcement Inspection Report which is enclosed with this letter.

It is our opinion that this meeting was beneficial and has provided for a better understanding of inspection and enforcement issues.

In accordance with Section 2.790 of the NRC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room. If this report contains any information that you (or your contractor) believe to be proprietary, it is necessary that you make a written application within 20 days to this office to withhold such information from public disclosure. Any such application must include a full statement of the reasons on the basis of which it is claimed that the information is proprietary, and should be prepared so that proprietary information identified in the application is contained in a separate part of the document. If we do not hear from you in this regard within the specified period, the report will be placed in the Public Document Room.

No reply to this letter is required; however, should you have any questions concerning this matter, we will be pleased to discuss them.

Sincerely,

*ln* C. E. Murphy, Chief  
Reactor Construction and Engineering  
Support Branch
