RE: NRC License #37-28424-01

To whom it may concern,

Please be advised to the following change to our list of authorized users. We wish to amend our license to add George Persin, D.O. as an authorized user for materials and uses under 10 CFR 35.200 (cardiac studies).

Dr. Persin has completed a structured training program to meet the requirements of 10 CFR 35.920 and has had greater than 500 hours of clinical work experience supervised by an authorized user.

Please find the attached copy of his preceptor statement (NRC Form 313a) along with a copy of his training certificate for your review. At the request of Mr. Tom Thompson, please find a letter attesting to his continuing experience.

If you have any questions regarding this amendment request, please contact our consultant medical physicist, Mark Liddington at 1-800-446-7622 (extension 2).

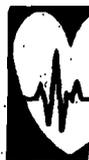

Sincerely,

Robert Biggs, D.O.
Radiation Safety Officer

RE: NRC License #37-28424-01

To whom it may concern,

I'm writing to attest to the continuing experience of George Persin, D.O.

Dr. Persin has been a member of our firm since July 6, 1999. During this time, he has been involved with the nuclear medicine operation at our facility. Specifically, he has worked under my auspices in our nuclear cardiology lab where we conduct imaging procedures licensed under 10 CFR 35.200. His clinical experience under my supervision exceeds 500 hours.

Based on his classroom and laboratory training program, his ongoing experience at Lehigh Valley Cardiology Associates and my personal observations, I am confident that George Persin, D.O. is qualified to be an authorized user for procedures under 10 CFR 35.200.

Sincerely,

Robert Biggs, D.O.
Radiation Safety Officer

Re: George Persin, D.O.

Dear Certification Board:

Dr. Persin has completed a nuclear cardiology training program that meets the requirements for Level 2 as outlined in the ACCF/ASNC COCATS Guidelines for Nuclear Cardiology, revised 2006, within an accredited fellowship or residency program.

Dr. Persin completed level 2 nuclear cardiology training at the Hospital of the University between the dates of July 1, 1998 to June 30, 1999 (He did his first 3 years at Cooper Medical Center from 1996-1998).

I attest that Dr. Persin is competent to independently function as an authorized user under NRC 10 CFR 35.200 uses.

<input type="checkbox"/>	The above-named applicant completed a minimum of 80 hours of classroom and laboratory training that meets the Nuclear Regulatory Commission (NRC) requirements as an INTEGRAL part of his/her fellowship/residency program.
<input checked="" type="checkbox"/>	The above-named applicant completed a minimum of 80 hours of classroom and laboratory training that meets the NRC requirements external to his/her fellowship program.
<input type="checkbox"/>	The above-named applicant is an Authorized User listed on a current Radioactive Materials License (RAM).

Yours sincerely,

Luis Araujo, M.D.
 Director, Nuclear Cardiology
