Docket 030-15263
License No. 21-08606-08

Request for Additional Information Re: Byproduct Material License – Request for Amendment

Entergy Nuclear Operations, Inc. (ENO) submitted an amendment request for materials license 21-08606-03, held at the Palisades Nuclear Plant, on May 24, 2007. By conversation recorded dated August 16, 2007, the Nuclear Regulatory Commission (NRC) requested additional information. The responses to the requested information are provided below.

NRC Requested Information

Please provide a copy of your certificates (or name inclusion in an official listing) confirming your CHP certification by the American Board of Health Physics and NRRPT certification by the National Registry of Radiation Protection Technologists as referenced in subject amendment request.

ENO Response

American Board of Health Physics certificate for Mr. David Nestle is enclosed. Per telephone conversation with Loren Hueter of NRC Staff, on August 23, 2007, NRRPT certificate is not required.

NRC Requested Information

*The May 24, 2007, amendment request notes a name change for the licensee, with one word differing from that shown in the letter head. Please clarify whether the second line should read "Palisades **Power** Plant" or "Palisades **Nuclear** Plant." Also, please clarify whether or not "**Memorial**" should be included in the third line of the licensee address, as it is not included in the current license.*

ENO Response

The name and address is as shown on the company letter head. The plant name is Palisades Nuclear Plant. The address is 27780 Blue Star Memorial Highway.

NRC Requested Information

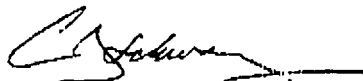

Also, please clarify whether or not a "Transfer of Control" or "Ownership" is also involved with the change in name of the licensee. If it is, then please provide full information regarding the ownership change as per guidance in NUREG-1556, Vol. 15, Appendix F (copy enclosed) of that document, list six questions that the licensee is to provide a written response to. Please respond accordingly. This response should be signed by a high level management representative of the purchasing entity.

ENO Response

Reference letter dated April 11, 2007, from NRC to ENO, "Palisades Nuclear Plant - Issuance of Conforming Amendment Re: Direct Transfer of Renewed Facility Operating License to Entergy Nuclear Palisades and Entergy Nuclear Operations (TAC No. MD2954)." The transferee will abide by all constraints, conditions, requirements and commitments of the transferor. No additional changes are required for amendment of license 21-08606-03.

Summary of Commitments

This letter contains no new commitments and no revisions to existing commitments.
