SEPTEMBER 06, 2007

Ms. Toy Siemen  
Material Licensing Branch  
United States Nuclear Regulatory Commission  
Region III

**Re: License No. 21-26742-01****Dear Ms Toy Siemen,**

Thank you for amending our Material License No. 21-26742-01, with regard to the address correction.

- We are writing this letter to request you to release the former storage area located at 32300 Schoolcraft roads. We are enclosed the following information for your review in this regards.
- History of all Radionuclides Stored in former Storage Area: Engineering Services, Inc (ESI) occupied the 32232 Schoolcraft Road between June 2007 and August 2007.  
The gauge consists of a sealed source of Cesium --137 and Americium-241.  
During this period of gauge storage, Inventories, leak tests were performed to monitor the gauge. No evidence of any leakage was apparent at 32300 Schoolcraft Road location. The inspection did not reveal any violation at this location.
- Copy of the Leak Test Report performed at former Storage Area.: ESI performed leak test on April 24,2007 at the former storage area. Result indicated less than 0.005 muCi.

If you have any questions, please do not hesitate to call.

Miraj Mehta

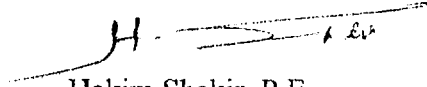

Field Engineer

Very truly yours,

**ENGINEERING SERVICES, INC.**
