Gentlemen:

SUBJECT: REPORT NOS. 50-390/90-22 AND 50-391/90-22

Thank you for your response of January 28, 1991, to our Notice of Violation issued on November 21, 1990, concerning activities conducted at your Watts Bar facility.

We have evaluated your response and found that it meets the requirements of 10 CFR 2.201 with respect to the specific issues addressed in the violation. However, your response to Violation 390/90-22-05 identifies that certain inspection records were not retained. These records are required by ANSI N45.2.9. As discussed in our letter to TVA dated October 30, 1990, entitled "Quality Assurance Records for Watts Bar", the NRC is to be notified of missing quality assurance records and an exemption requested if necessary.

We will examine the implementation of your corrective actions during future inspections. We appreciate your cooperation in this matter.

Sincerely,

**Original Signed By
