Dear Mr. Kingsley:

This refers to the NRC inspection conducted on August 6 through September 9, 1995, at the Watts Bar facility. The purpose of the inspection was to determine whether activities authorized by the construction permit were conducted safely and in accordance with NRC requirements. At the conclusion of the inspection, the findings were discussed with those members of your staff identified in the enclosed report.

Areas examined during the inspection are identified in the report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observation of activities in progress.

Within the scope of the inspection, no violations or deviations were identified.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter, its enclosure, and any reply will be placed in the NRC Public Document Room (PDR). To the extent possible, any response should not include any personal privacy, proprietary, or safeguards information so that it can be placed in the PDR without redaction.
