Subject: Re: Fwd: Plant Vogtle ESP Preliminary draft EIS writing session

Hi Laura,

I just talked to Mike and he is going to be rock climbing. He suggested a few places in Seattle:

Pike Street Market
China Town
Art Museum
Capital Hill Region
Aquarium
Very nice restaurants

We should try to book our flights early to take advantage of our time in Seattle. This should be fun...

regards,

Paul :-)

All:

Some info on the Plant Vogtle ESP preliminary DEIS writing session:

- The meeting is scheduled to start at 2:00 pm PDT on Monday, July 16, 2007. You can either get to Richland on Sunday the 15th or Monday the 16th. I don't care when you get there as long as you're badged by the PNNL security office and at the scheduled conference room by 2:00 pm on the 16th. I'm flying in on Sunday so that I can get some work done with the PNNL task leader on Monday morning. I'm flying out of BWI on a Delta flight at 5:20 pm. Anyone who wants to join me is more than welcome. I will be getting a rental car. I would appreciate it if people flying out together share rental cars.

- Below is a webpage for the hotels in the Tri-cities area. I'm staying at the Holiday Inn Express because they had rooms available at the gov't rate for the duration of my stay. The Hampton Inn didn't have gov't rooms for all five night. You can stay wherever you like as long as you are badged by the PNNL security office and at the scheduled conference room by 2:00 pm on the 16th. (Do I sound like a broken record?)
<http://www.visittri-cities.com>

- You are free to leave after you have discussed your comments from all of your assigned sections with the applicable author(s) and agreed on revisions. If you want to stay until Friday morning I'm sure that I can find something for you to review or check or verify or look up, etc....

- Mike Sackschewsky will be sending directions to the building(s) where the general meeting (2:00 pm PDT, Monday, July 16) and breakout sessions will be held along with a schedule of the breakout sessions.

- The first meeting (2:00 pm PDT, Monday, July 16) will include a discussion by Jon Rund on the new LWA rule. That will be very helpful. We will also discuss what will happen if SNC decides to come in with an LWA-2 request in the near future.

I'll provide more info in the near future as it becomes available. We will also be taking some NRC staff along as shadows to observe and learn how these sessions are performed and managed. Those staff have yet to be determined.

Get your flights and hotels set up and provide that info to Laura Quinn.

Thanks,

Mark
