Subject: UFM Bulletin

In the draft schedule for the UFM generic correspondence (bulletin), we had tentatively scheduled to meet during the 3rd week in June with Westinghouse and Caldon to inform them of the bulletin and its proposed contents. Instead, now we are going to have one public meeting. Westinghouse and Caldon will both be invited. The purpose of the meeting will be for the staff to discuss the impending generic correspondence and answer questions. Provisions will be available to have discussions that would include proprietary information, if either vendor so desires.

I will take the lead for the meeting, preparation of the meeting notice, etc; however I would like to talk with you on Tuesday and get your thoughts on communication channels with Caldon and Westinghouse (WOG?) to quickly and effectively inform them of the meeting, its purpose, and structure.

Thanks,

George
