Mr Brown,

I received a letter from Mr Michael F. Weber in regard to our concerns surrounding the power plant owned and operated by Dominion Resource Inc. and believe some things were misunderstood. I, along with many other members of our community, would like to know as much as we can about the proceedings involving the power plant and any action being taken legally against the federal government. If you have any such pertinent information or can direct me to the correct channels to learn more it would be greatly appreciated. The permit the plant obtained recently was gotten through questionable actions by certain parties and we are simply trying to get all the facts. The lawyer(s) for Dominion seem to think we, the taxpayers of the town, are not entitled to be compensated the money paid over the years since the plant opened, while they are attempting to possibly get back money themselves paid over the years. Our taxes are higher than surrounding areas, and will likely not get any "better" any time soon, it is simply an inquiry on our behalf to try and resolve things, which is not far from what they appear to be doing also.

Thank you for your time and assistance.
