RE: Address Change to NRC License #21-24710-01

**LAND & AERIAL
PHOTOGRAMMETRY**

To Materials Licensing Section:

PLANNING

**LANDSCAPE
ARCHITECTURE**

**LAND
DEVELOPMENT
SERVICES**

As Rowe Incorporated continuously grows, we have found it necessary to expand and relocate to downtown Flint. Although the new headquarters office is not complete, our current headquarters building on Taylor Drive has been sold and the terms of that sale dictate that we vacate that building by the end of September. In order to meet that obligation, we have secured an interim location for our headquarters; that **temporary location** will be:

**Rowe Incorporated
C/O Genesee Business Center
4400 South Saginaw Street, Suite 1200
Flint, Michigan 48507**

OFFICES:

FLINT
LAPEER
MT. PLEASANT

This facility is located on the northwest corner of Atherton Road and Saginaw Street. As of **Friday, September 7, 2007**, we will be occupying this space until our permanent office is finished.

SUBSIDIARIES:

AIR-LAND SURVEYS
FLINT, MI

MYERS LAND SURVEY CO.
GRAYLING, MI

Please note, that as part of this move we will begin using the address below for our future, permanent Corporate Headquarters in the downtown building for return address and mailing purposes only. Our phone numbers will remain unchanged. We hope that the transition to this temporary space, and ultimately to our new, permanent location will appear seamless from your point of view. The address of our future headquarters location is:

Rowe Incorporated
540 S. Saginaw Street, Suite 200
Post Office Box 3748
Flint, Michigan 48502

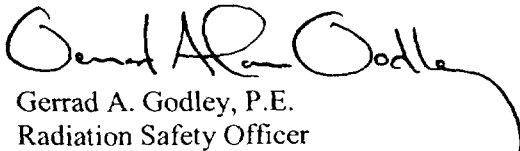

United States Nuclear Regulatory Commission
September 24, 2007
Page 2

This change is only a mailing and correspondence change, the storage locations of the gauges will remain unchanged as per the NRC Material License No. 21-24710-01, Conditions 10.

It is important to note that the storage location of the gauges will not change.

If you have any questions or comments, please feel free to contact myself.

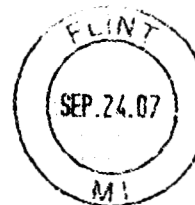

Sincerely,
ROWE INCORPORATED

Gerrad A. Godley, P.E.
Radiation Safety Officer
